

Kidderminster Library

When the local council wanted to refurbish the local library they were looking for a local carpet manufacturer who could supply carpet tiles. It was also desirable that this product be made locally in Kidderminster. Adam Carpets were the only company who could ensure that that was possible.

Working with the councils preferred contractor, we were able to produce a tile design to their satisfaction. We then were able to meet a demanding deadline and bring the project in under budget.

- All carpet tiles made by us at our factory in Kidderminster
- We offer a full design and colour service from our in-house team
- Following a request we can offer a pdf within 24 hours and a hand trial within 2 days
- All yarns used and carpets made are tested so that we are sure they meet the highest industry standards
- We have low minimum order quantities starting at just 200 square metres
- Lead times for custom carpet tiles are around 4-5 weeks from receipt of order
- Tiles are available in 100% nylon or 80% wool/20% nylon square metres
- Lead times are around 3-4 weeks
